D. Each permit will bear the signature of the Sheriff and must be
physically upon the premises where the alarm system is used and available for inspection by the Sheriff. If a law enforcement officer is dispatched to investigate a report of an alarm signal and a valid permit is not available for inspection, the alarm user must pay a fee set by City Council resolution and obtain a permit within thirty (30) days of the date of dispatch.

   1. After the fourth false alarm within the permit year, there may be no response to subsequent alarms without the approval of the Sheriff; and
   2. Approval of the Sheriff may only be obtained by applying in writing for reinstatement. The Sheriff may reinstate the alarm user upon finding that reasonable effort has been made to correct the false alarms.

C. Fees for excessive false alarms will be assessed by the Sheriff as set by City Council resolution.

D. The Sheriff will notify the alarm user of a false alarm, the fees for excessive false alarms, if any, and the consequences of the failure to pay the fees.    1. The Bureau of Emergency Communications
   2. The alarm system user; and
   3. Any alarm business employed by the alarm user if known.

B. No response to an alarm will begin seven (7) days after the date of the notices provided above unless a written request for a false alarm validity hearing has been made in the time period required under section 100 of this chapter.

C. If a no response order is issues by the Sheriff, a reinstatement fee as set by City Council resolution will be charged in addition to any outstanding fees, fines and penalties. (Ord. 8-2010)

8.08.070 Special permits

   1. An alarm user required by federal, state, county or municipal law to install, maintain and operate an alarm system; or
   2. A federal, state or local government unit.

B. Special permit holders must pay the regular permit fee, but are not subject to the no response procedure under this subchapter.

8.08.090 Automatic Dialing Device; Certain Interconnections Prohibited

(Ord. 5-1989 § 10; Ord. 8-2010)
8.08.100 Hearing
A. An alarm user who wants to appeal validity of a false alarm determination may appeal to the Sheriff for a hearing. The appeal must be in writing and must be received by the Sheriff within fourteen (14) days from the date of notice. Failure to contest the determination in the required time period results in a conclusive presumption for all purposes that the alarm was false.

B. If a hearing is requested, the Sheriff will notify the alarm user of the time and place of the hearing no later than ten (10) days prior to the hearing date, which date will not be more than twenty-one (21) nor less than ten (10) days after the request for hearing is received unless agreed upon by both parties.

C. The hearing shall be before a hearings officer. The alarm user has the right to present written and oral evidence, subject to the right of cross-examination. If the Sheriff determines that the alleged false alarms occurred in a permit year, the Sheriff will issue written findings waiving, expunging or entering a false alarm designation on an alarm user's record at the Sheriff’s discretion. The decision of the Sheriff’s or hearings officer is final. If false alarm designations are entered on the alarm user's record, the Sheriff may find that the alarm user is liable for hearing costs including costs of the hearings officer and witnesses and will pursue fee collection as set out in this chapter. (Ord. 8-2010)

8.08.110 Statistics

B. Costs of the abatement may be assessed as provided in Section 8.16.260.

C. A stop work order from the City to address a Type A public nuisance is a means of summary abatement. The stop work order, which is effective as of the date and time issued, shall state the nature of the violation including the citation to the applicable provisions being violated, and may contain the steps that can be taken to correct the violation. If there is a protest of a stop work order issued under this section, the stop work order shall continue in effect during the pendency of any protest.

(Ord. 9-2009)
8.16.240 Type B Abatement – General Nuisance Abatement Procedure

A. A public nuisance as defined in Chapter 8.16 shall be abated as provided in this section unless it qualifies for Type A abatement as described in section 8.16.230 or Type C Abatement as described in section 8.16.250.

B. Written notice of violation and direction to abate shall be posted on the premises where the violation exists directing the owner, occupant, and/or property management company to abate the violation(s) within a period designated in the notice, but in no event more than thirty (30) calendar days from the date of the notice of violation and direction to abate.

C. At or about the time of posting the premises upon which the violation exists, the Administrator shall send a copy of the notice to the property owner, occupant, and/or property management company by regular mail at the last known address as listed in the County Tax Assessor’s Office. Notice may also be sent to a security interest or lien holder having an interest in the property.

D. The notice of violation and direction to correct or abate the violation to the owner, occupant, and/or property management company shall include:

1. The location of the property that is the subject of the complaint by commonly used street address or otherwise;

2. Citation of the specific code sections giving rise to the alleged violation(s) and a description of the violation(s) which must be corrected;

6. A statement that the costs of abatement and administrative enforcement fees will be assessed to and become a lien on the property;

7. A statement that unless the violation(s) are corrected by the date specified in the notice, in addition to any other enforcement action, the City may abate the violation(s) and the costs of abatement will be charged to the owner, occupant, and/or property management company;

8. A statement of the way to contact the Administrator with any questions regarding the notice;

9. The disposition of any personal property that is abated under the notice, which shall be determined at the discretion of the City;

10. A statement that any person who has a reasonable basis upon which to contest the violation(s) identified in the notice or the abatement action may protest the City’s notice of violation and the possible imposition of costs of abatement and administrative enforcement fees and request a hearing, by delivering written notice to the City
within fourteen (14) calendar days from the date the notice was mailed; and

11. The notice of complaint and violation may also be sent by the Administrator to the person, occupant, and/or property management company, if it appears to be someone other than the owner, and to the holder of any recorded or other known interest in the property, including mortgage or lien holders and insurance companies.

E. If the notice by mail is returned as undeliverable or delivery is refused, notice of violation shall be published in a newspaper of general circulation at least ten (10) calendar days before administrative enforcement fees are imposed and/or abatement action is taken.

F. An error in the name or address of the owner, occupant, and/or property management company or the use of a name other than that of the owner, occupant, and/or property management company shall not make the notice void, and in such case the posted notice shall be sufficient. Inadvertent failure to mail a copy of the written notice of violation and direction to abate to a security interest or lien holder having interest in the property to be abated shall not make the notice void, and in such case, the posted notice shall be sufficient.

G. Within thirty (30) calendar days after the posting and mailing of the notice, the owner, occupant, and/or property management company shall take all steps necessary to abate the violation(s), eliminate the condition(s) or defect(s), or show that the nuisance does not exist.

H. A person who has a reasonable basis upon which to contest the violation(s) identified in the notice or the abatement action, or wishes to object to any enforcement provision under this section, including the possible imposition of administrative enforcement fees, and has not previously sought review under Chapter 8.22, shall file with the City a written statement of protest within 10 (ten) calendar days after the posting and mailing of the notice, which shall specify each and every reason for the protest.

I. The statement of protest shall be referred to a neutral and independent hearings officer designated by the City Attorney. The hearings officer shall conduct the hearing and make all decisions concerning the protest. The hearings officer shall set a date and time for the hearing at the earliest possible opportunity and the person requesting the hearing shall be promptly notified of the time and place for hearing. Notice may be by any means of giving actual notice. Notice may also be given to any person the hearings officer determines to be an interested party in the matter. An untimely protest shall be summarily dismissed. The hearings officer or City shall have the right to reschedule a hearing at any time. The person filing the statement of protest may make a single request to reschedule the hearing. The request shall be granted if it is in writing, states the reason for the request, and is received by the City at least three (3) business days prior to the scheduled hearing date. Upon receipt of a valid hearing reschedule request, the hearings officer shall set a new hearing date and the City shall notify the person requesting the hearing.

J. The person requesting the hearing and a representative of the City may make argument, submit testimony, cross-examine witnesses and submit rebuttal evidence on the pertinent issues,
or may choose to be represented by an attorney at their own expense.

K. If requested by either party, the hearing shall be recorded in a manner that allows for written transcription to be made; in such cases the City shall retain all materials submitted at the hearing as required by state law.

L. Failure of the person(s) requesting the hearing to appear at the hearing shall constitute a waiver of the right to a hearing.

M. Within seven (7) days after the hearing, the hearings officer shall mail a copy of the order stating the hearings officer’s decision to the person requesting the hearing and to the Administrator. If the hearings officer determines that the basis for protest was unreasonable or designed only to delay enforcement action, the person requesting the hearing may be made to pay the costs of the hearing, including the cost of the hearings officer. Any such costs imposed by the hearings officer shall constitute a cost of abatement and collectable under Section 8.16.260. The decision of the hearings officer is final.

N. If the hearings officer determines that a violation does exist, the property owner, occupant, and/or property management company shall be ordered to abate the violation(s) within fourteen (14) calendar days after the hearings officer issues the order, unless otherwise specified in the order. The hearings officer may also order that a residential rental unit(s) may not be occupied unless and until the conditions and/or defects forming the basis of the violation(s) have been corrected as determined by reinspection.

O. If the violation has not been fully abated within the time allowed, the Administrator may cause it to be abated, and all costs of abatement may be assessed to and become a lien on the property. The Administrator’s decision to proceed with abatement is entirely discretionary.

P. Failure of the property owner, occupant, and/or property management company to abate the violation within thirty (30) calendar days as provided by Subsection 8.16.240(G), or within the time set by the hearings officer under Subsection 8.16.240(N), shall be a violation of this chapter.

Q. If a violation is not abated as provided by 8.16.240(G) and unless a protest and request for hearing is made under Subsections 8.16.240(H) and (I), or if a violation is not abated within the time set by the hearing officer under Subsection 8.16.240(N), the Administrator shall impose administrative enforcement fees upon the property owner, occupant, and/or property management company in accordance with the fees adopted by council resolution for such fees. The City shall provide notice of the imposition of any administrative enforcement fee to the owner, occupant, and/or property management company at the time such fees are assessed and entered into the City’s lien records.

R. A person shall not have an additional opportunity to protest and request a hearing, if the person fails to correct the violation pursuant to the hearings officer’s decision and the City issues a subsequent stop work order, notice of violation, or notice of civil penalty. (Ord. 5-2011; Ord. 9-2009)
8.16.250 Type C Abatement – Chronic Nuisance Abatement Procedure

A chronic nuisance as defined in Section 8.16.210 shall be abated as provided in this section. Prior to the filing of an action to abate a chronic nuisance property, the Administrator or Sheriff shall provide an opportunity to the property owner, occupant, and/or property management company as defined in Section 8.16.150 to abate the chronic nuisance property voluntarily by the following procedures:

A. The Administrator, Sheriff, or their designee may notify the property owner, occupant, and/or property management company in writing that the property is in danger of becoming chronic nuisance property. The notice shall contain:

1. The street address or a legal description sufficient for identification of the property;
2. A statement that the property may be a chronic nuisance property, with a concise description of the nuisance activities that exist or have occurred;
3. A demand that the property owner, occupant, and/or property management company respond to the Administrator, Sheriff, or their designee within ten (10) calendar days to discuss the nuisance activities. The Administrator, Sheriff, or their designee shall offer the property owner, occupant, and/or property management company an opportunity to propose a course of action that will abate the chronic nuisance activities giving rise to the violation.

B. After the notification procedure in Subsection 8.16.250(A) has been completed, if the Administrator, Sheriff, or their designee receives a report documenting an additional nuisance activity on or within 300 feet of a property and determines that the property has become a chronic nuisance property, the Administrator, Sheriff, or their designee shall notify the property owner, occupant, or property management company in writing that the property has been determined to be a chronic nuisance property.

1. The notice of chronic nuisance shall contain:
   a. The street address or a legal description sufficient for identification of the property; for a property consisting of more than one unit, such as a duplex or apartment complex, one or more units may be specifically designated as chronic nuisance properties;
   b. A statement that the Administrator, Sheriff, or their designee has determined the property to be chronic nuisance property, with a concise description of the nuisance activities leading to the finding;
   c. A demand that the property owner, occupant, and/or property management company respond to the Administrator, Sheriff, or their designee within ten (10) calendar days and propose a course of action that the Administrator, Sheriff, or their designee agrees will abate the chronic nuisance activities giving rise to the violation; and
   d. The disposition of any personal property that is abated under the notice, which shall be determined at the discretion of the City.

2. Service of the notice shall be made either personally or by first class mail, addressed to the property owner, occupant, and/or property management company at such place where the notice
is likely to be received. A copy of the notice shall be served on the owner of the property at the address shown on the tax rolls of Multnomah County, and/or on the occupant at the address of the property, if these persons are different than the property owner, occupant, and/or property management company.

3. If the property owner, occupant, and/or property management company does not contact the Administrator, Sheriff, or their designee within ten (10) calendar days of service or mailing of the notice, a copy of the notice shall be posted at the property.

C. If the property owner, occupant, and/or property management company responds as required by Subsection 8.16.250(B)(3) and stipulates with the Administrator, Sheriff, or their designee that the property owner, occupant, and/or property management company will pursue a course of action that the parties agree will abate the nuisance activities giving rise to the violation, the Administrator, Sheriff, or their designee may postpone referring the matter to the City Attorney. If the agreed course of action does not result in the abatement of the nuisance activity or if no agreement is reached within sixty (60) calendar days, the Administrator, Sheriff, or their designee may independently reviewing the evidence, may refer the matter to the City Attorney for consideration and presentation to the City Council.

D. When a property owner, occupant, and/or property management company responds to the Administrator, Sheriff, or their designee as required by Subsections 8.16.250(A) or (B)(3), statements made in connection with that response shall not constitute an admission of any nuisance activities, but exclusion of any evidence is not required that is otherwise admissible or offered for any other purpose.

(Ord. 9-2009).

8.16.260 Costs and Fees

A. The City shall keep an accurate record of the expense incurred by the City for Type A, Type B, and Type C abatements.

1. The total cost of abatement and any accrued enforcement fees;

2. Notification that the costs of abatement will become a lien against the property from the date of the notice; and

3. Notification that if the owner objects to the Costs and Fees Notice, a written protest and request for hearing may be submitted to the Administrator if it is received by the City within fourteen (14) calendar days from the date the Costs and Fees Notice was mailed.

C. A person may object to the Costs and Fees Notice by submitting a written protest and request for hearing pursuant to Section 8.16.240.

D. A property owner shall pay reasonable relocation costs of a tenant as defined in ORS 90.100 if, without actual notice, the tenant moved into the property after the owner or property management company was sent notice from the City or Sheriff, or their designee, of a code violation and said code violation requires the removal of the tenant in order to remedy the violation.

(Ord. 9-2009; 5-2011).
8.16.270  Collection of Costs and Fees

A. The costs and fees as listed in the Costs and Fees Notice shall be delinquent if not paid within thirty (30) days from:
   1. The date of the Costs and Fees Notice; or
   2. If a protest was timely filed, from the date on which the hearings officer makes a determination of the costs.

B. The Costs and Fees notice shall be entered in the docket of City liens pursuant to Chapter 1.06, Code Enforcement and/or recorded with Multnomah County. When entered in the City lien docket, the assessment shall constitute a lien upon the property in violation of the code. If the costs and fees are delinquent, a late payment charge shall begin to accrue from the date of the delinquency. The late payment charge shall be added to the lien.

C. Failure to pay may result in foreclosure in any manner provided by ORS 223.505 to 223.650 or otherwise provided by law.

D. An error in the name of the owner shall not void the lien, nor shall a failure to receive the Costs and Fees Notice render the lien void, but it shall remain a valid lien against the property.

(Ord. 5-2011; Ord. 9-2009)

8.16.280  Classification of Offenses

Unless otherwise provided, violations of the provisions of the Wood Village Municipal Code are classified as civil infractions pursuant to Chapter 1.06, Code Enforcement. (Ord. 9-2009)

8.16.290  Violations and other Remedies

A. Violation of any section of Chapter 8.16, Public Nuisances, is a civil infraction and a penalty may be imposed pursuant to Chapter 1.06, Code Enforcement. A violation applies to the owner, occupant, and/or property management company of each property in violation. Each day a violation continues to exist shall constitute a separate violation for which a separate fine or penalty may be assessed.

B. In addition to any other penalty provided by law, a person determined to be responsible for violation of any section of the Chapter 8.16 may be ordered by the court to correct the violation.

C. In addition to the procedures described in this Chapter, the City may also file in Circuit Court a citation alleging a nuisance violation under this Code, or a civil action for injunctive or other relief, as the Administrator may deem to be appropriate.

Requests for Temporary Waivers of Enforcement Action shall be considered under the following conditions:

1. The owner submits to the Administrator a request in writing;
2. The request includes the property address, case number, applicant’s contact information, and specifies each and every reason for the request; and
3. The Administrator may revoke the waiver if any of the conditions that allowed the owner to qualify for a waiver change. Because the waiver is granted to a specific owner, the waiver automatically terminates upon change in ownership. (Ord. 5-2011)

8.18.200 Requests for Adjustment of Enforcement Action Fees

A. The Administrator shall establish criteria and procedures to grant a request for reduction of fees, charges, or other costs incurred due to enforcement action. Requests for reduction shall be reviewed under the following conditions:

residential rental unit in violation of the PMC. Each day a violation continues to exist shall constitute a separate violation for which a separate fine or penalty may be assessed.

B. In addition to any other penalty provided by law, a person determined to be responsible for violation of any section of the PMC may be ordered by the court to correct the violation.

C. In addition to subsections A and B of this Section, violation of any requirement of this Chapter shall also constitute a nuisance and may be abated under Chapter 8.16.

D. Where work is required to be done to correct violations under the PMC, any and all permits required for such work by the Building Code shall be obtained. All final inspections shall be approved for the associated permits prior to the violations being considered resolved.

Administrative enforcement fees are not a tax.

A. If a violation is not abated by the owner, occupant, and/or property management company in a timely manner as provided for in the PMC, administrative enforcement fees will be imposed on the property and/or its owner, occupant, and/or property management company in accordance with the fees adopted by City Council resolution for such fees. A. Required Graffiti Removal.
The owner or occupant of any property in the City shall remove any graffiti from such property within ten (10) days of the graffiti’s appearance.

B. Notice to Abate.

2. The City Administrator shall cause the notice to be served upon the property owner and any occupant. The owner or occupant shall have ten (10) days after the date of service of the notice in which to remove the graffiti. The City Administrator shall have the sole discretion to grant the property owner the option of giving the City written permission to enter on the property and remove the graffiti.

If, based on the evidence and testimony at the hearing, the City Council or Hearings Officer finds the property to be a Graffiti Nuisance Property within the meaning of this Chapter, and the owner or responsible party has been given notice in accordance with 8.20.040(B) above, the City Council or Hearings Officer shall specify when and under what conditions the graffiti shall be abated.

8.20.060 Abatement

A. Public Property. The City Administrator may summarily abate any graffiti on any utility poles and cabinets, on exterior walls and fences immediately abutting public streets or property, or on any public property, including but not limited to traffic signs and lights.

B. Private Property. Whenever the City Administrator has reasonable cause to believe that there exists upon any building or structure any graffiti requiring abatement under this Chapter, the City Administrator may enter upon the graffiti nuisance property at all reasonable times to perform any duty imposed on the City Administrator under this Chapter, and to enforce the provisions of this Chapter. Upon the failure to comply with the notice of abatement by the compliance date designated in the notice to abate issue pursuant to Section 8.20.040(B) or any order on appeal pursuant to Section 8.20.050(B), the following steps may be taken if the graffiti nuisance property is plainly enclosed to create privacy and prevent access by unauthorized persons:

1. If the graffiti nuisance property is occupied, the City Administrator shall first present proper credentials and demand entry to cause the graffiti to be abated. If entry is refused, the City Administrator may attempt to secure entry by any legal means.

2. If the graffiti nuisance property is unoccupied, the City Administrator shall first make a reasonable attempt to locate the owner or occupant and demand entry. Such demand may be included in the initial notice sent to the owner or occupant under Section 8.20.040(B) above. If entry is refused, the City Administrator may attempt to secure entry by any legal means.

C. Graffiti Abatement Warrants. If the graffiti is not removed and abated as provided in 8.20.060(B), the City Administrator may cause the graffiti to be removed and abated upon issuance of a Graffiti Abatement Warrant.

1. Issuance. The City Administrator may request the assistance of any Multnomah County Sheriff deputy to contact a Circuit Court judge to seek the issuance of a graffiti abatement warrant whenever entry onto private property is necessary to remove and abate any graffiti.

2. Grounds for Issuance of Graffiti Abatement Warrants; Affidavit

a. Affidavit. A graffiti abatement warrant shall be issued only upon cause, supported by affidavit, particularly describing: the applicant's status in applying for the warrant; the ordinance or regulation requiring or authorizing the removal and abatement of the graffiti; the building or property to be entered; the basis upon which cause exists to remove or abate the graffiti, and a
statement of the graffiti to be removed or abated.

b. Cause. Cause shall be deemed to exist if there is reasonable belief that a graffiti violation exists, as defined in this Chapter, with respect to the designated property, and that the property owner has been given notice and an opportunity to abate the graffiti, and has not responded in a timely fashion.

   a. Examination. Before issuing a graffiti abatement warrant, the judge may examine the applicant and any other witness under oath and shall be satisfied of the existence of grounds for granting such application.
   b. Issuance. If the judge is satisfied that cause for the removal and abatement of any graffiti nuisance exists and that the other requirements for granting the application are satisfied, the judge shall issue the graffiti abatement warrant, particularly describing the person or persons authorized to execute the warrant, the property to be entered, and a statement of the general types and estimated quantity of the items to be removed or conditions abated. The warrant shall contain a direction that it be executed on any day of the week between the hours of 8:00 a.m. and 6:00 p.m., or where the judge has specially determined upon a showing that it cannot be effectively executed between those hours, that it be executed at any additional or other time of the day or night.
   c. Police Assistance. In issuing a graffiti abatement warrant, the judge may authorize any peace officer, as defined in Oregon Revised Statutes, to enter the described property to remove any person or obstacle and to assist the representative of the City in any way necessary to enter the property and, remove and abate the graffiti.

4. Execution of Graffiti Abatement Warrants.
   a. Occupied Property. In executing a graffiti abatement warrant, the person authorized to execute the warrant shall, before entry into the occupied premises, make a reasonable effort to present the person's credentials, authority and purpose to an occupant or person in possession of the property designated in the warrant and show the occupant or person in possession of the property the warrant or a copy thereof upon request. A copy of the warrant shall be left with the occupant or the person in possession.
   b. Unoccupied Property. In executing a graffiti abatement warrant on unoccupied property, the person authorized to execute the warrant need not inform anyone of the person's authority and purpose, but may promptly enter the designated property if it is at the time unoccupied or not in the possession of any person or at the time reasonably believed to be in such condition. In such case a copy of the graffiti abatement warrant shall be conspicuously posted on the property.
   c. Return. A graffiti abatement warrant must be executed within 10 working days of its issue and returned to the judge by whom it was issued within 10 working days from its date of execution. After the expiration of the time prescribed by this subsection, the warrant unless executed is void.
   d. Failure to Comply with Warrant a Civil Infraction. It is a civil infraction enforceable pursuant to Chapter 1.06 of the Code for an owner or occupant to refuse to permit entry by the
City Administrator to abate graffiti as provided in this Chapter pursuant to a duly issued graffiti abatement warrant.

D. Graffiti Abatement Consent Forms.

1. The City Administrator shall develop consent forms allowing the City Administrator to enter onto property to abate the graffiti without prior notice from the City Administrator. The City Administrator shall make these consent forms available to the public.

2. Property owners and occupants may request and sign consent forms for allowing graffiti abatement. The Graffiti Abatement City Administrator shall renew the consent forms at least biannually.

A violation applies to each residential rental property, residential rental unit or rooming unit in violation of Chapter 8.22. Each day a violation continues to exist shall constitute a separate violation for which a separate fine or penalty may be assessed.

B. Any property in violation of Chapter 8.22 is declared to be a public nuisance, for which abatement action under Chapter 8.16 may be taken and costs assessed, whether or not an owner has been convicted in court or otherwise of a violation of Chapter 8.22.

C. If a residential rental property license is denied, suspended or revoked, it shall be unlawful for the owner or property management company to permit new occupancy of any vacant unit(s) within the property until a valid residential rental property license has been issued. If a unit with violations, as determined by inspection, is or becomes vacant it shall be unlawful for the owner or property management company to permit re-occupancy of the unit(s) until all violations have been repaired and the unit is reinspected and found to be in compliance with the PMC, Chapter 8.18, or other applicable laws.

D. If, upon inspection, a condition or defect is found to exist that constitutes an imminent threat to public health and/or safety, City water and wastewater services may be discontinued; provided, however, that prior to the disconnection or discontinuance of any City utility service the City must (A) give notice to the owner or property management company and the tenant of the affected unit(s) of the proposed utility service discontinuance, the reasons for such action; and (B) make a specific finding after review of the inspection checklist and report that disconnection or discontinuance of City water and/or wastewater services is necessary to deter occupancy or habitation in the affected unit(s) in which the public health and/or safety is harmed or endangered by the continued occupancy of habitation of the unit(s).

E. All costs, charges, administrative enforcement fees, including all costs of abatement, reinspection fees, late payment charges, title search fees, lien recording fees, and related charges, may be assessed against the owner and property and shall constitute a lien against the property as provided in Sections 5.20.060, 8.16.260, 8.16.270, 8.18.220, and 8.22.075. Additional administrative enforcement fees will be added to the lien as they accrue, regardless of whether or not they are delinquent. The lien may be foreclosed in any manner provided by
ORS 223.505 to 223.650 or as otherwise provided by law.

F. Nothing herein shall prevent the Administrator from seeking any other means available at law or in equity in order to enforce the provisions of Chapter 8.22.

8.22.140 Protest

Any residential rental property owner aggrieved by a denial, suspension, revocation or non-renewal of a residential rental property license, or the discontinuance of City utility services under Chapter 8.22, Residential Rental Property Inspections, may protest such action by providing a written statement to the Administrator within fourteen (14) calendar days of the effective date of such action. The written statement must state why the action of the City was in error. (Ord. 2-2003 § 1; Ord. 4-1993 § 2)

8.24.030 Definitions

As used in this chapter:
"Allowable expenses" means all reasonable costs incurred by licensees associated with the provision of solid waste, recyclable materials and yard debris collection services required herein and the cost of complying with all applicable laws, regulations or orders as
now or hereafter amended. Allowable expenses as defined shall be presumed to be reasonable if, in the context of overall cost for a licensee, such expenses are: (1) comparable with the expenses incurred by a preponderance of similarly situated solid waste, recyclable materials and yard debris collection companies in the Portland metropolitan area; and (2) are based on the percentage of expenses incurred for services provided to Gresham, and Wood Village customers. Allowable expenses shall include, but not be limited to, the following:

1. Costs associated with the disposal and/or processing of all materials collected as required by this Chapter, including the costs of marketing materials to secondary markets, and all applicable fees;

2. All labor costs, directly or indirectly associated with and necessary to the provision of services required by this Chapter, including all costs associated with all contracts and collective bargaining agreements, supervisory labor, workers' compensation and all benefits including, but not limited to health care, pension, and payroll taxes;

3. All vehicle, equipment, container, and asset costs, including timely replacement, depreciation and interest expenses, lease costs no greater than those that would be charged by an independent third party to provide substantially equivalent equipment, vehicle registration fees, motor fuel, oil, tires and repairs and maintenance for such vehicles and equipment that are reasonably necessary to provide the services defined in this Chapter;

4. Performance bonds and liability insurance premiums in the amounts of coverage required by the City;

5. All administrative and management costs and expenses reasonably allocated to the services required under this Chapter, including, but not limited to, reasonable compensation, management fees, and benefits for officers and employees, payroll taxes, administrative staff, data processing, billing, rent and supplies; provided that there shall be included in allowable expenses only that portion of management fees, compensation and benefits paid by a licensee that is at a level comparable with prevailing industry standards for similar services and positions provided to or at solid waste, recyclable materials and yard debris collection companies in the metro region that are similar in size and operations to those of the licensees', and there shall be excluded from allowable expenses only that portion of management fees, compensation and benefits paid by the licensees that are in excess of such levels;

6. Utilities;

7. Training and worker safety;

8. Marketing, promotion and public education costs approved by the City;

9. Interest costs such as interest charges on the purchase of equipment or facilities, or on loans for working capital but not interest costs which are otherwise an unallowable expense as defined in this section;

10. Property, equipment or facility rental or lease costs, provided that with respect to any lease entered by a licensee with a related party, the lease costs under such lease shall only be included in allowable expenses to the extent that such lease costs do not exceed those that would be charged by an independent third party to provide the substantially
equivalent property, equipment or facilities;

11. Costs for collecting and maintaining information directly and specifically required by this Chapter, costs of preparing, producing and printing all reports and information required under this Chapter (including without limitation, the fees and expenses of accountants and other outside advisors and consultants), and all costs and expenses of participating in, complying with or otherwise being subject to the accounting and regulatory processes associated with or required by this Chapter, or under other law;

12. License fees, business fees, surcharges, or any other fees collected from licensees by the City.

13. Any expense incurred in the collection, handling, processing, storing, transporting, marketing, or sale or other disposition of recyclable materials and any expense incurred in connection with education, promotion and notice of the opportunity to recycle; and

14. Any other expense determined in advance by the City and the licensees to be reasonable and necessary to the provision of the services required under this Chapter, and agreed to in writing.

Allowable expenses as defined above may be provided by affiliates of, or related parties to, a licensee provided that they do not exceed the market rate charged by third parties for similar services. If an expense of a licensee is questioned by the City, that licensee must submit proof that the expense is reasonable.

The Council shall consider such information as furnished by applicant, together with information presented by City staff and the public. Upon determination by the Council that all criteria as stated above and other applicable provisions of this chapter are adequately met, the Council shall, by appropriate resolution, grant to such applicant a license to provide solid waste collection service within the City or that portion of the City previously served by such applicant.

In granting a license hereunder, the Council may impose conditions consistent with this chapter and deemed by the Council to be necessary or advisable for the proper operation of the City’s solid waste management and collection program.

Should the Council determine that the applicant for a license hereunder who presently serves the City in said capacity does not meet the criteria hereinabove set forth, such license shall not be granted or renewed, as the case may be. Should a license be terminated or not renewed hereunder, the Council shall consider applications for a solid waste collector’s license to serve the concerned area(s) from any interested applicant and award the collector’s license for that area, based upon the determination of which applicant best meets the criteria as stated above. Such applicants shall furnish the City with the information set forth above to the extent applicable.

D. An applicant for a collector’s license hereunder for an area hereinafter annexed to the City, shall likewise be required to submit the information set forth in subsections A and B of this section, and the criteria for granting of such license shall apply; provided, however, an applicant who immediately prior to such annexation provided general solid waste collection services to said area, shall be considered for such purposes, an applicant for collector’s

The City may, in addition to other specific enforcement authority granted hereunder or otherwise available to it, by resolution, based upon sworn affidavit or specific Council complaint, issue a temporary restraining order enjoining the alleged violation of any of the provisions of this chapter, license or permit issued hereunder, or the rules and regulations issued pursuant hereto. Such order shall direct the alleged violator to immediately cease and desist from the act or acts described therein until the Council determines with certainty whether or not a violation has occurred. If the complainant be other than the Council itself, such order must be based upon sworn affidavit of complainant, setting forth allegations of the alleged violation which shall specify in language
sufficient to apprise the alleged violator of the act or acts proposed to be enjoined. The order shall direct the alleged violator to appear at a certain time and place before the Council as stated therein to show cause, if there be any, why the alleged violator should not be immediately enjoined from doing the act or acts specified in the order. Should the Council determine at said show cause hearing that the alleged violator has committed the violation of this chapter as alleged the Council may make and enter order permanently enjoining further violation and may, if it deem appropriate, invoke appropriate penalties or direct appropriate remedial action to be taken concerning such violation.
